Title of Your Paper

Your introduction goes here, with no section heading. Your introduction should present your overarching hypothesis and your two predictions.

Method

Participants

Describe the participants.

Procedure

Describe how you recruited participants and what they did.

Measures

Describe the relevant measures.

Results

Descriptive Statistics

Report those here.

Correlations

If applicable to your predictions, report correlations here.

T-Tests

If applicable to your predictions, report t-tests here.

Discussion

Text goes here.
